Dayton, Ohio

Dear Sirs;

I am writing for information on U.F.O.'s. I am really interested in U.F.O.'s and believe in them. I hope you can send what information on U.F.O.'s.

I have seen a few of them including one this evening. They are all the same. They are star like, turning red, blue, and white.

(These are from a distance) There is no sound and they travel at a best rate of speed.

is is on the Pine Ridge Indian Reservation, Pine Ridge, On Base

So. Dak., is the south-western  
part of the state.

There seems to be a lot of  
them in the springtime and the  
summer. They usually about five  
miles west of Pine Ridge <sup>(~~five~~ at mile)</sup>. This  
area is isolated (most completely)  
and hilly and flat! A lot of  
people see them, but it is hard-  
ly mentioned.

I got the idea from a paper  
book book entitled, Letters to  
the Air Force on 11/10, by  
Bill Chatter, copyright 1957.

I don't drink or smoke any-  
thing and I am 16 and in the  
10<sup>th</sup> grade.

I know that the army and the  
Air Force have some that work  
and some that don't and that is the  
one you show to the public and  
tell them that they don't work.

I hope you will answer this  
letter soon and be frank  
with me.

II

I know some thing about them  
and I know its not much gas.

P.S. Please be Hopefully yours  
frankie and I ~~\_\_\_\_\_~~  
want that, no other ~~\_\_\_\_\_~~  
"beat around the  
bush." P.S. Some are about a  
mile away and it  
was bouncing and  
it was a bright blue-  
ish white.
